

Seating Our standard arrangement is 183 seats with two rows on the floor. Alternate arrangements are 158 seats with one row on the floor, 131 with nothing on the floor, or maximum capacity of 200 with additional rows of red stackable chairs on the floor. State your seating preference.

Dressing Rooms We have 2 dressing rooms dedicated to the theatre (stage left) and 2 dressing rooms that are shared with the dance studios (stage right). Each accommodates up to 10 people. **Stage right dressing rooms are only available upon request.**

Technical Support A DAC Technician is required to be in the theatre any time your group is in the theatre (load in/out, non-tech rehearsal, tech rehearsal). The charge is \$18.50 per hour with and overtime rate of \$27.75 per hour any day exceeding 8 hours. A second technician is required if both lights and sound are used simultaneously (TD's discretion) or if you require a stage technician whom you cannot supply yourself. The charge for additional technicians is \$12.50 per hour with overtime at \$18.75 per hour. If you can provide skilled volunteers, approved by the Technical Director, you can save the expense of a second technician. Depending on the responsibilities of the volunteer, they may be required to meet with the TD prior to rehearsal to assure their ability to do the job. Please provide the name and # of any volunteers:

Please list any additional information which needs to be brought to the TD's Attention:
