

**Paint and Collage Workshop (Ages 16 & up)**

This class, which will be aimed at intermediate artists, will build on skills in the areas of abstract painting and collage techniques. Students will have more of their own art supplies, with the addition of some unique papers & paints donated by the instructor. Most class time will be centered on personal work with guidance and critique from the instructor, but will include some interesting processes for altering papers & manipulating paints that the class may want to try. There will also be, if appropriate, some conversations about modern art & artists as they relate to work being done in class. Beginning students who are open to abstraction will be fine in this class as well. Students will be able to work at their own pace and the instructor will be able to help in one-on-one interactions. Expect to be encouraged, challenged artistically and to have a terrific time making art! Please check the DAC website for supply list. This class is done in partnership with OLLI at Duke and will take place at the Durham Arts Council Building.

**Beginning Photography – Outdoor  
Emphasis (Ages 14 & up)**

Did you get or give a new SLR camera as a gift? Confused about the terms f-stop, shutter speed, ISO, white balance and their interactions with the ever-changing light conditions if you shoot outdoors? Do you want to control your camera by taking it off automatic and take the photo you would like instead of what the camera thinks you want the photo to be? Want to expand your photographic capabilities? This class, for beginners and intermediate level photographers, will discuss all of these, composition and many more topics with some emphasis on shooting outdoors in this class. And it'll make a good addition to that present!! Class will meet at Duke Garden on September 28 for a photoshoot, time TBD. Students should have a digital SLR camera.
